# **ALL BIDDERS PLEASE READ**

## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

### **Our Mail Auction Sales Are Conducted in the Following**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

**YOU WILL WANT A PRICE LIST OF THIS SALE  
TO KNOW WHAT COINS ARE BRINGING  
PRICE LIST OF SALE \$1.00**

# IS THIS YOUR FIRST AUCTION CATALOG?

**Proof coins, branch mints 1892-1934 unc., currency and commemoratives** seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results obtained in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** in the final analysis, you the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even the auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING THESE  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

## **BARGAINS GALORE**

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN.

## YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having cataloged over one hundred ninety successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6¢ airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

## EARLY DIMES

---

The question is often asked, "Why are dimes so high in relation to quarters, halves and dollars?" The answer is that the smaller coins from dimes down to 1/2c were spent and not hoarded. Most of the coins hoarded were gold and silver dollars with halves and quarters to a lesser degree. Not only were the lesser coins "spent" and lost but what few survived are usually well worn. We firmly believe that choice specimens are greatly undervalued compared to worn specimens and that the spread in value between the two will widen to a much greater degree than now indicated in the catalogs.

## MERCURY DIMES—CHOICE SET

---

Undoubtedly, many of the following will turn out to be real "sleepers" due to the increasing demand. While some have advanced 300% to 400% during the last 3 or 4 years, WE FIRMLY BELIEVE THAT THE FUTURE ADVANCE IN VALUES WILL BE EVEN GREATER. Exactly which ones? Quite simple—just pick out the ones bringing the highest percentage over catalog. The reason they bring the most over catalog is that demand is constantly outstripping supply resulting in the coin bringing over the new catalog value when issued. KEEP IN MIND THAT RECOMMENDATIONS FOR THE 1956 GUIDE BOOK HAVE ALREADY BEEN SENT IN BY DEALERS. By the time this catalog is published this fall, naturally the prices on the coins most in demand will exceed the current prices sent into the catalog publishers. Every year collectors come and tell us—"I wish I had followed you advice on ———." Our answer is—"It is too late to change the past but what will you say a year from now?" We can advise you but it is YOU who has to make the decision. REMEMBER, RARE AND CHOICE COINS WILL ALWAYS BE "TOO HIGH". They were "too high at 1/4 present prices and they will be "too high" at 4 times present prices. There were well over 200 new members admitted to the A.N.A. last month. Where are they to obtain coins except by outbidding those who think present prices are "too high". You can't beat the law of supply and demand.

## EARLY SILVER DOLLARS

We have noted a sharp increase in interest during the last year of two. In addition to date and major variety collectors, a number of die variety collectors have started. In comparison to other series, these early dollars seem to be somewhat undervalued (which situation will probably right itself in the not too distant future.

## EARLY HALF DOLLARS

After being dormant for years, interest has revived with a bang. Many are now bringing substantial premiums over catalog, especially in choice condition. A new book on die varieties is badly needed. We predict the addition of a number of new Major Varieties in the future editions of both catalogs. Present prices should appear as "bargains" a year or two hence.

- 573—1792 G. WASHINGTON, PRESIDENT. I. around bust, silver with "Copy" at bottom left, unc. A struck copy of the very rare silver piece. The half dollars, unlike most of the other Washington pieces, were designed and struck in U. S. as the first attempt to produce a U. S. half dollar. As such, some of the collectors, (including this one), have thought its proper place is with the regular halves struck at the U. S. mint. The original silver piece catalogs v.f. \_\_\_\_\_ 600.00  
Of course this struck copy is only worth a small fraction of that value.

## LIBERTY STANDING QUARTERS—CHOICE SET

---

A perennial favorite exceedingly difficult to complete in FULL HEADS. We note a substantial advance in the catalog from year to year with the percentage of advances increasing the last year of two. There are a number of "sleepers" in the series, particularly in FULL HEADS. The degree of rarity of FULL HEADS versus regular strikings varies from date to date with some of the cheaper dates being some of the most difficult to obtain in FULL HEAD. While we agree with the Guidebook that some of the FULL HEADS are only worth approximately 25 percent premium over the catalog values, we believe some are worth up to 10 TIMES CATALOG FOR FULL HEADS. Did you ever see a complete set of FULL HEADS?

## PANAMA PACIFIC \$50 GOLD

There has been a sharp rise in value in these two popular coins (the largest issued by the U.S.) since last fall. They were "too high" at \$200 each, "too high" at \$1,000 each and will probably be "too high" at \$2,000 each. WE HAVE YET TO KNOW A TIME WHEN RARE AND CHOICE COINS WEREN'T "TOO HIGH."

## SMALL SIZE FEDERAL RESERVE NOTES

Just becoming popular resulting in a number of "sleepers" becoming known. WE DO NOT KNOW OF A SINGLE COMPLETE SET THRU THE \$100 VALUES. Undoubtedly, many are worth 5 to 10 times catalog. WE BELIEVE THE SERIES HAS REMARKABLE INVESTMENT POSSIBILITIES DURING THE COMING YEARS.

## DEMAND NOTES

---

The Friedberg catalog was compiled two years ago (altho published in August, 1953, it takes several months of prior preparation—for instance, our price change recommendations was sent in to the Guidebook in March altho the 1956 catalog will not be published until Fall). The popular notes have risen sharply in value—many 200 per cent to 500 per cent in value during the last two years. It is quite understandable when the fact that stocks of currency are practically non-existent compared to coins is taken into consideration. After all, the higher face value and lesser interest in currency worked against the laying away of currency. The fact that Friedberg's book combined into one book both illustrations and values helped create a greatly enlarged demand. Now that there is a large demand—dealers and collectors have found that the supply falls far short of the demand. **YOU CAN'T BEAT THE LAW OF DEMAND AND SUPPLY.** We believe currency is **GREATLY UNDERVALUED COMPARED TO COINS.** Demand notes are the first issued of U. S. currency as we know it today. Since they were printed in green ink, they soon became known as **GREENBACKS.** They are the only issue that **DOES NOT HAVE EITHER THE SEAL OR ACTUAL NAMES OF THE REGISTER AND TREASURER OF THE U. S.**

### 1914 FEDERAL RESERVE NOTES

---

Undoubtedly many are real "sleepers" and are due for a sharp adjustment of prices. WE HAVE YET TO SEE A COMPLETE SET. The catalog shows a very slight difference in prices for the various signatures and banks but ACTUAL EXPERIENCE HAS SHOWN SOME TO BE AT LEAST 10 TIMES AS RARE AS OTHERS. Should offer excellent investment possibilities at present low prices. Please remember that the following catalog prices were compiled two years ago.

## NATIONAL GOLD BANK NOTES

---

Issued in a ratio of 1500 nationals to 1 national gold bank. That any have survived is indeed remarkable. What very few do exist are in wretched condition, being barely legible, frayed, holed, etc. Any fine or better is exceptional condition (uncirculated or close to it is out of the question—they just don't exist with the exception of 2 or 3 specimens).

<b>1830—\$5 1870 First Nat'l. Gold Bank, San Francisco, quite legible with good color but has started to tear along some old ironed-out creases, several tiny pieces gone along margins. SUPERIOR TO THE USUAL SPECIMEN. Catalogs fine .....</b>	<b>100.00</b>

## COLONIALS

Possibly the most interesting of all "U. S. Coins" from an historical and educational viewpoint. With renewed interest, many have doubled and tripled in value with other "sleepers" starting to follow.

### 1652 "MASATHUSETS" COINS

The Oak Tree coinage was supposed to depict "the royal oak" which preserved King Charles II of England's life. The pine tree later supplanted the oak tree as a symbol on the New England coinage.

2139—1662 OAK TREE Twopence, Noe 30, extremely fine. SCARCE SO CHOICE. Note that this is the only New England coin to bear the date 1662, the others were dated 1652 .....	100.00
2140—1652 PINE TREE Shilling, Large Size, Noe 1, date side well centered and sharply struck, tree side almost as well centered but part of lettering not sharply struck. RARE SO CHOICE....	150.00

## 1652 "MASATHUSETS" COINS (Continued)
